MORNING WORSHIP FOCUS

The leading of the Holy Spirit is vital to effective ministry, and discerning that leading is a skill we learn as we seek that leading together in community. We need to be active in a process that involves trial and error, the push and pull of circumstances that opens doors or closes them (and which God himself controls and uses to guide us), supernatural revelation in various forms and ways, and conversation between ourselves as we try to pull it all together. The application/congregational response to God's Word will focus on how we need to find new and effective ways to talk to one another about what God is leading this congregation to do and be going forward.

"After Paul had seen the vision, we got ready at once to leave for Macedonia, concluding that God had called us to preach the gospel to them." Acts 16:10
